AGRICULTURE TIRES PRODUCT BROCHURE

GRI
WE'LL GET YOU THERE

GREEN XLR[®]

RADIAL TRACTOR 70 SERIES

- R-1W tread depth is approximately 25% deeper in the center for improved wet traction
- Designed for high-horsepower tractors and built to last
- Multi-angle tread design for excellent wet traction and road wear with rounded shoulders to minimize soil compaction
- Designed for tractors to excel in many soil types and conditions

GREEN EX[®]

BIAS TRACTOR RT100

- Rubber compounded for superior snag resistance and long wear
- Dual-angle lug design for superior traction, improved transport ride, excellent self-cleaning, and low soil disturbance
- Bead-and-rim flange protector reduces downtime
- Increased lug count for better road wear and ride

GREEN XLR[®]

RADIAL TRACTOR 85 SERIES

- Designed for high-horsepower tractors and built to last with reinforced lug design
- Flexible sidewall resulting in smoother ride and a dual-angle lug design for superior traction, excellent self-cleaning, and low soil disturbance
- Revolutionary vibration-resistant lug design provides a smooth ride and excellent wear
- New tie bar design increases lug stability and wear

GREEN EX[®]

RIB IMPLEMENT RIB 3

- Specially fortified rubber stands tough against stubble punctures and tire erosion
- Cut-resistant sidewall reduces downtime
- Shock-fortified nylon-cord body resists impacts
- Increased tire life via innovative heat dissipation properties

GREEN XLR[®]

ROW CORP TRACTOR 95 SERIES

- Proven multi-angle bar angle delivers ultimate traction
- Strong Nylon carcass and impact Belts promote long life
- Tread bar wider than regular R-1 tires for better wear with resistance to irregular wear
- Increased crown radius (flat tread), providing a larger footprint, less soil compaction and uniform tread wear

GREEN EX[®]

FLOTATION BIAS FL700

- Designed for smooth wear on front positions of fertilizer trucks and free-rolling wheels on tractors, wagons and large implements
- Gives longer road wear and flotation in wet fields for fertilizer trucks
- Center lug over lap provides even wear on hard surfaces with flotation and control in soggy field conditions

* The featured products are available as at September 2018, GRI launches 10 new products every month, following the opening of its new factory.
